2018-2019

Philosophy Statement: St. Michael Lutheran Preschool believes that early childhood education is an integral part of our congregation's mission and ministry. The young child is a unique and special child of God, and we encourage the development of Christ-esteem and individuality. Children learn best through play and by developmentally appropriate activities provided as avenues for learning.

Program: St. Michael Lutheran Preschool offers a program that is designed to facilitate your child's development through areas such as spiritual/social living, communication arts, expressive arts, wellness and discovery about the world. The preschool believes that these experiences are an important part of your child's development. For these reasons, St. Michael Lutheran Preschool will:

- ✦ Provide a Christian atmosphere in which your child can play and learn;
- ✦ Allow your child to grow and learn at his/her own rate;
- ✦ Permit your child to become aware of the continuing and loving presence of God in his/her life and his/her surrounding environment;
- ✦ Encourage good self-esteem in your child;
- ✦ Develop your child's ability to listen attentively and follow directions;
- ✦ Increase your child's ability to handle his/her emotions in a positive, constructive manner;
- ✦ Teach your child the limits of behavior in regards to the safety of others and to respect the rights of others;
- ✦ Help your child achieve more independence; and
- ✦ Establish the foundation for future learning in your child's elementary education.
